### FNB BUSINESS EXCELLENCE AWARDS 2014

# 21-23 July Italian Delegation in South Africa – Consorzio Camerale per l'Internazionalizzazione

The “Consorzio Camerale per Internazionalizzazione” and the Italian – South African Chamber of Trade and Industries successfully organised a commercial mission of Italian companies to Johannesburg. The project, led by Intertrade, the special agency for the internationalisation of the Salerno Chamber of Commerce, was also supported by the agency for the overseas promotion and internationalisation of Italian companies and Dr Giulio Mulas.

The project, which took place from the 20 - 24 July 2014, boasted a total of 12 participant companies. The main objective of the mission was to promote and further confirm the excellence of the “Made in Italy” brand in South Africa, particularly in the cosmetic, food and beverage, mechanic and automotive sectors

As a welcome to the Italian delegation, a cocktail function was organised on Monday 21st July in collaboration with Trade and Investment KwaZulu – Natal. The event was held at the Southern Sun Hotel, Hyde Park.

The event hosted around 100 guests, including members of the Chamber and was a great networking opportunity.

Feedback throughout mission was positive from all those involved; organizers, participant companies as well the South African counterparts who were all satisfied about the quality of the products from the companies who took part.

During the function, the General Director of Power FM, Dawn Klatzko requested to interview two of the participating companies (Cliven, represented by Matteo Abis and Farmen, represented by Antonella Bianchi) live on the Power Business programme, broadcast on Power FM 98, 7 daily from 17h00 to 18h00. This great opportunity allowed participant companies to share their experience in South Africa, as well as to speak on the activities of the Chamber of Commerce. Marketing and communication manager of the Chamber, Mr. Vito Casiello, also added a closing comment during the interview. To listen to the radio interview, click the link below:
